AND OUR SPEAKER WAS EXCELLENT THIS WEEK!!

He was Andy Canulette, editor of *The St. Tammany Farmer*. In a very interesting presentation, Andy explained that getting local news is much more difficult today. In most communities the demise of so many local newspapers has led to a dearth of community information. But folks on the Northshore don't have that problem. People who subscribe to *The Advocate* can read the national and state news every day. Then on Wednesdays the *St. Tammany Farmer* is the centerpiece of the daily paper. It provides the latest-on-the-greatest for our area! Of course, if you just want *The Farmer*, you can subscribe to that separately as well.

Speaker Andy Canulette, editor of The St. Tammany Farmer got his picture taken following the meeting on Thursday, with Nick Chronis, Leanne Truehart and charter-member Bob Boettner.
